# Invisible System | Sistema

The standout feature of the Invisible Collection is its modular system, which offers unparalleled flexibility and creativity in lighting design.

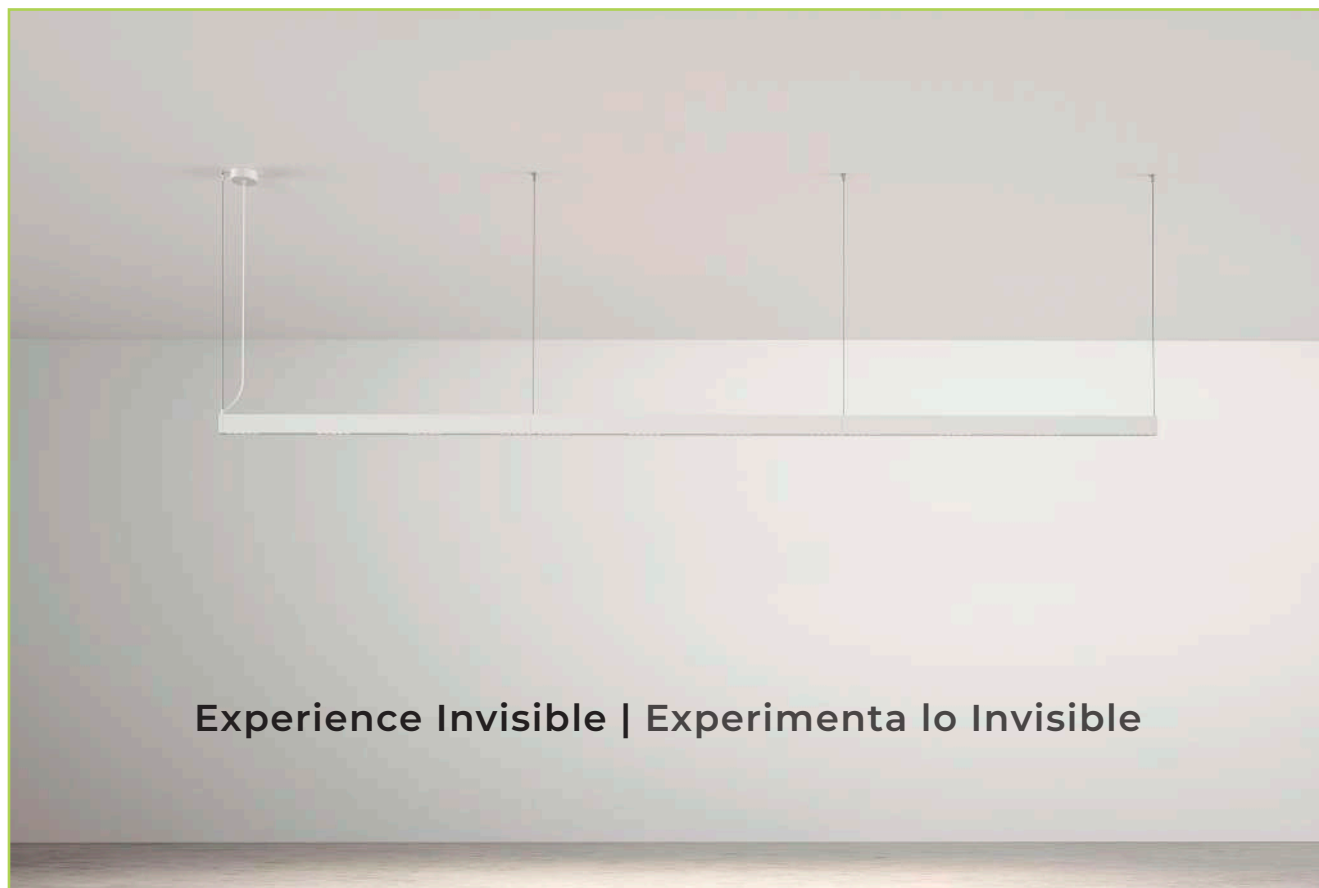

Both modules can be seamlessly combined using our innovative connector pieces, allowing for bespoke lighting solutions that are as unique as the spaces they enhance. The hanging structures ensure that the modules are securely suspended, adding a touch of modern elegance to any space.

# Invisible System | Sistema

La característica destacada de la Colección Invisible es su sistema modular, que ofrece una flexibilidad y creatividad inigualables en el diseño de la iluminación. Ambos módulos pueden combinarse sin problemas utilizando nuestras innovadoras piezas de conexión, permitiendo soluciones de iluminación a medida que son tan únicas como los espacios que mejoran.

Las estructuras colgantes aseguran que los módulos se suspendan de manera segura, añadiendo un toque de elegancia moderna a cualquier espacio.

## Description | Descripción

The Invisible collection represents the perfect fusion of modern design and functionality in lighting. Comprising ceiling plafonds, both recessed and surface-mounted, it offers options in black and white finishes that adapt to any decorative style. With square, circular, and rectangular shapes, and modular versions that allow for customized combinations, the collection stands out for its versatility and ability to integrate into spaces. The hanging LED modules, available in two sizes, provide efficient and configurable lighting to meet project needs. Ideal for those seeking lighting solutions that are discreet yet impactful, Invisible is the perfect choice for elegant and practical lighting.

La colección Invisible representa la fusión perfecta de diseño moderno y funcionalidad en iluminación. Compuesta por plafones de techo, tanto empotrados como de superficie, ofrece opciones en acabados negro y blanco que se adaptan a cualquier estilo decorativo. Con formas cuadradas, circulares y rectangulares, y versiones modulares que permiten combinaciones personalizadas, la colección destaca por su versatilidad y capacidad de integración en los espacios. Los módulos LED colgantes, disponibles en dos tamaños, proporcionan una iluminación eficiente y configurable según las necesidades del proyecto. Ideal para quienes buscan soluciones de iluminación que sean discretas pero impactantes, Invisible es la opción perfecta para una iluminación elegante y práctica.
